GO TRAFFIC SMARTER AT GREENFIELDS

Before Christmas, Nigel from 'Go Smarter' came to school to talk to the Year 4 children about the traffic problems in the roads around our school. The children had lots of ideas about how it could be made safer for them to cross the roads and Nigel took those ideas away with him. As a result, you may have noticed that we now have a new speed bump at the exit onto Taylor Avenue, which the children thought would be a good idea to slow cars down as they leave the school site.

On Tuesday this week, Nigel came back to school - this time to talk to the children about road safety and air pollution. He also met our new travel ambassadors: six of the oldest children on School Council, who have volunteered to do tasks and assignments around school to make everyone more aware of how we can travel safely. The travel ambassadors will be doing various jobs throughout the year, including running their own assemblies - we'll keep you updated about their progress in making Greenfields an even safer place to be!

KEY STAGE 1 VISIT TO THE ANGEL OF THE NORTH

Linked to their Enquiry question 'What if Paddington got lost in Newcastle?', children in Year 1 and Year 2 went on a trip to the Angel of the North on Tuesday, to look at local landmarks.

Well done to all of the children for their brilliant attitude and behaviour both out of school as well as in school and thank you to those parents/carers who accompanied them on their trip.

I have really enjoyed seeing all the 'Personal Bests' that have been achieved this week, using the visit as a stimulus for learning.

FINALLY . . . NSPCC NUMBER DAY REMINDER

Next Friday (2nd February), we will be supporting the NSPCC by taking part in Number Day. Children are invited to bring a donation for the NSPCC and come to school wearing an item of clothing with a number on it (e.g. a football shirt, a cap, a basketball top or even a 'onesie'!)

You can find out more about the NSPCC's work at www.nspcc.org.uk

The money we raise will make an enormous difference to children today and could change the lives of children tomorrow.
