### BRITISH SCIENCE WEEK

This week, children throughout school have been celebrating British Science Week by taking part in lots of different science activities linked to the theme of Exploration and Discovery.

Our special focus was one of the Global Goals 'Life Below Water', looking at how we can look after our environment and how pollution and chemicals are causing damage to the environment.

Each teacher organised a different activity and the children visited each teacher, so that they had the opportunity to try out lots of different experiments.

The work that the children produced is now displayed on the stage in the school hall, so please take a look next time you're in school.

### EXTREME READERS

The winners of our Extreme Reading Challenge are:  
Dylan, Jack, Max and Nicole.

Well done to them all for pursuing their love of reading in such unusual places.

## SPORT RELIEF 2018

Next week we are launching our Sport Relief 5 day challenge.

This year, instead of having a non-uniform day, each day the children will be given a different sporting challenge, that will encourage them to set personal goals and help others along the way.

To raise money for Sport Relief, children are invited to bring in a voluntary donation of £1 at the end of the week, which will go directly to the Sport Relief charity to help them to tackle critical issues affecting people across the UK and the world.

## FINALLY . . . LEARNING REFLECTION WEEK

We are looking forward to seeing parents/carers and family members in school next week, so that we can share and celebrate your children's achievements and successes with you.
