New key stage 1 assessments were introduced in 2016 to assess the new, more challenging national curriculum and the expected standard was raised. As a result, figures from 2016 onwards are not comparable to earlier years. *Changes were made within the 2017/18 writing teacher assessment (TA) frameworks, which means that judgements in 2018 are not directly comparable to those made using the previous interim frameworks in 2016 and 2017.
