Greenfields Friends Parent and Teacher Association

GFPTA launched in October 2018. We are a group of parents/carers and staff who are committed to raise funds in a number of ways to support the school at a time when budgets are stretched. The funds raised benefit of all of the children in school. We hope you will enjoy our update and join us by volunteering or attending our events.

The story so far....

We have a new committee, a new bank account and are in the process of applying to become a registered charity. We have held an Autumn Disco, a Christmas Raffle, a Christmas Movie Night, an adults Christmas Event and a Pizza and Bingo night. From the events so far we have banked approximately £2000 so a big THANK YOU to all who contributed time or attended events. From this we have agreed to donate £100 per year group towards the cost of class trips in the coming months. We provided the party food for the Christmas parties, gifts for the KS1/EYFS children, bought food and supplies for events and paid for the DJ for the disco's. We really appreciate anyone who can donate their time, support or resources. All parents' carers and staff are welcome, its everyone's FPTA so please join in, you'll be very welcome.

GFPTA School Lottery

We have set up My School Lottery. It is an online lottery with a weekly draw, allowing the school and local community to win cash prizes whilst raising money for the school. Each number is entered into a local draw, and a national draw so there are two chances to win each Saturday. 40% of the funds raised are given directly to the school. So far we have raised £188 from the lottery so thank you for those who have signed up already. If you want to sign up for the weekly draws please use the following link:

Good luck!!

Easyfundraising

Another way to help us raise funds is via online shopping. Simply use the weblink below, search for the shop you need, click the link to activate the donation and buy. Easyfundraising donate a percentage of your spend to the school. We have raised £116 so far using this method.
