You will then learn what it is like in those areas, what you might find there and the key skills you would need to survive in different parts of the world.

In some of the sessions we will go outside and use maps for orienteering; we will learn how to use knots to make survival crafts; identify how to clean water; use basic first aid and create video diaries and handbooks about what we have learned to help others too.

Secret Poet Society

Q: Where do poems
come from?

A: **the poetree**

Shhh! The first rule of this *GU* course is that you must not tell anyone about it!

Many people are scared of poetry and we don't want to frighten them...

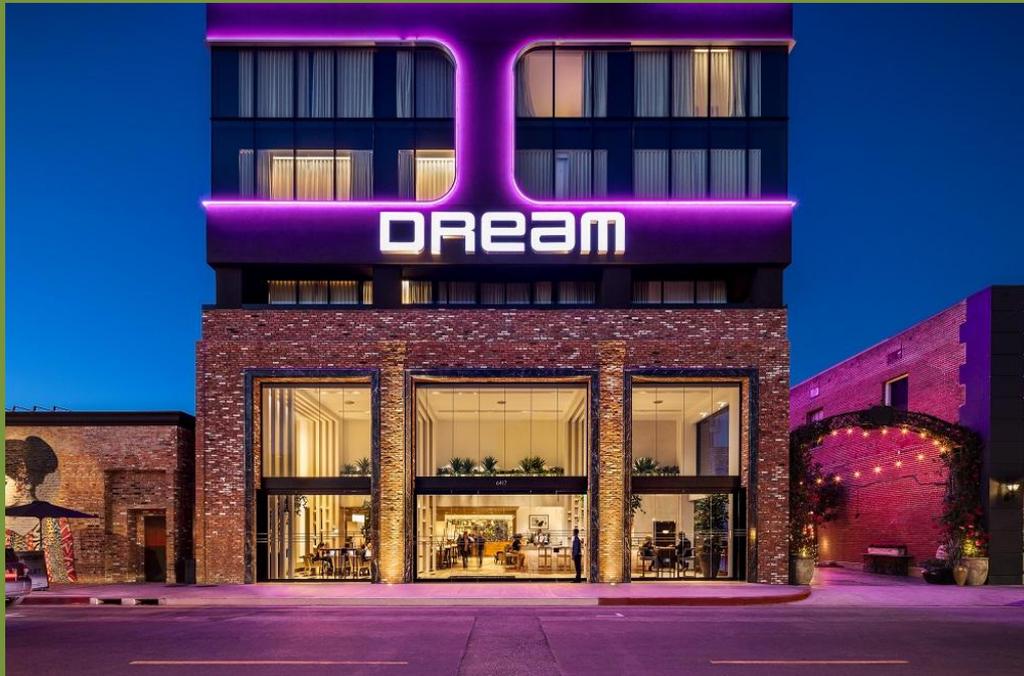

If you are brave enough, we will explore poetry in all its forms - limericks, free verse, haikus and sonnets.

We will read, perform, create art inspired by poetry, and meet poets old and new.

Plus, there will be lots of opportunities to write your own poems too!

Tell me a story...

I know we all love to listen to a good story but this is storytelling with a difference.

In this course, we will listen to a piece of music which tells a story.

The instruments in the orchestra create characters and settings and the storyline plays out.

We are going to listen to different classical pieces which tell stories - Peter and the Wolf, The Nutcracker, Swan Lake, Scherezade to name a few. We will create the characters and backdrop for the narrative.

Once we have everything, we will bring the music to life and tell the story.
