**Discussion Points** - Talk with your family about these questions.

Who do you think your new teacher will be?  
Which classroom do you think you will be in?

Which of your friends might be in your new class?

Visit the staff page on the school website - why do the teachers look different?

## English task

### Tasks -Early Years

**Nursery:** Record a video of yourself to introduce yourself to your new Reception teachers.

Tell them:

- what kinds of things you like to do
- your favourite foods
- who lives in your house with you
- if you have any pets
- your favourite toys
- your favourite books
- your favourite TV shows/movies
- how you are feeling about going into your new class.

Post your video on your new "Reception 2020-2021" seesaw page

**Reception:** Record a video as above, but also write some sentences to tell your new teacher about yourself. For example "I like ..." "I live with ..."

### Tasks - Key Stage 1

Write a letter 'Dear Teacher' to introduce yourself to your new teacher. Tell them all about you. You can use the ideas above to help you.

Then record yourself reading your letter and upload it to Seesaw for your new teacher.

## Tasks - Lower Key Stage 2

Like Early Years and Key Stage 1, it would be great if you could record a video or your voice telling your teacher all about you. Your hobbies, your friends, the subjects you are really confident in or anything you feel you need help with.

Please upload your video or voice recording. If you cannot do a video or a recording simply add some more details to last week's letter or write a new one including the extra details. You may want to decorate it and put on drawings like the letters in the book.

## Tasks - Upper Key Stage 2

Write your own Dear Teacher letter.

Tell your new teacher about yourself and your interests.

But also ask your teacher questions you want to find out about them, such as 'What is your favourite sport?' 'What was your favourite subject at school when you were my age?' 'What is your favourite book and why?'

As well as asking questions and telling your new teacher all about yourself, make promises about what you will do next year to help you to reach your potential and be the best student and classmate you can be! For example 'I promise to have a go even when I'm not sure' 'I promise to help my classmates when they're stuck' 'I promise to respect peoples' opinions even when I disagree'.

Organise your writing in paragraphs.

## Maths task

Follow the link to learn about a famous artist called Kandinsky. He made abstract art by exploring shape and colour.

HOW ARE YOU FEELING TODAY?

Moving into a new class can be very exciting but you may feel nervous or a little uncertain. Take some time today to chat about your feelings to an adult. Do you have any questions about your classroom or where your playground maybe? If you have any questions please send them into Seesaw and we will answer them for you.

## Outdoor Learning

Your outdoor task today relates to the Kandinsky work. He made colourful patterns using different shapes and colours.

Go outside and collect as many objects of different sizes, shapes and colours as you can and turn them into an abstract picture.

You could use just natural objects or if you are at home you could use man made objects too. You may want to frame your picture using sticks or anything else you find or draw a frame in the ground.

Maybe you could pile different coloured and different size stones to replicate the circle pattern. If you are at home you may have different size plastic plates. Use your imagination.

Post your 'pictures' on Seesaw.
